Hi Madam,

Greetings from DCKAP. I hope you are doing well.

I am pleased to inform you that we have completed the student selection process for the **DKAP Incubation Centre at the Government College of Technology, Coimbatore**.

Following the multi-stage evaluation process, which included the Phase II presentations and the subsequent assessment of the detailed progress reports submitted by the shortlisted teams, our evaluation panel has finalized the list of teams selected for incubation. The selected teams have demonstrated strong potential in terms of innovation, research, technical feasibility, execution strategy, and commercial viability.

Team 1: Smart Play Bank / Gamified finance**Maharaja M** - CSE - IV Year**Muthupavithra** - CSE - IV Year**Team 2: Battery System Management: Analog Front End****Jeimitha J** - EIE - III Year**Nisha D** - EIE - III Year

We have also communicated the outcome to the other teams that were not selected for the current cohort, along with constructive feedback and encouragement to continue refining their ideas and participate in future incubation opportunities.

We are now preparing to commence the onboarding process for the selected teams and look forward to officially kickstarting the incubation programme shortly. We will share further details about the orientation session and incubation activities with the selected teams in the coming days.

On behalf of the entire DCKAP team, thank you and your team for your constant support, encouragement, and coordination throughout this initiative. Your guidance and support made the entire evaluation and selection process seamless and well-organized. We truly appreciate the trust and collaboration extended to us and are excited to continue working together to nurture student innovation and entrepreneurship.

Special thanks to Mrs. Ilamathi Mam and Mr. Balakrishnan Sir for their invaluable support. We look forward to a successful incubation journey with the selected teams and to strengthening our collaboration in the years ahead.

Warm regards,
